Red Squeeze on Berlin Is Tightening

BY GEORGE BOULTWOOD
BERLIN (AP)—The squeeze on Berlin gets tighter as the Soviet ship Ballika, with Nikita Khrushchev on board, sails closer to New York.

It may be coincidence, but the progressive pulling at the drawing strings on this Communist-surrounded city appears to be keeping pace with the progress of the Soviet premier across the Atlantic.

Western officials speculated today that Khrushchev would like to have the Berlin situation boiling when he appears before the U.N. General Assembly soon after its opening session next Tuesday.

Any doubts whether the current harassing of travel by West Germans has Moscow's approval were removed Tuesday night by the Soviet commandant in East Berlin Maj. Gen. Nikolai P. Zakharov.

He stoutly backed up the Communist East German regime, saying it was acting within "constitutional rights" the Soviets gave it five years ago.

Zakharov rejected an Allied protest of Aug. 31 against the first of the series of jabs at free movement delivered by the East Germans over the past two weeks. He turned down the Western argument that four-power control still applies to the whole of the city. The East sector, he said, is part of the sovereign East German state.

The Communist regime announced Tuesday night it would no longer recognize the West German passports issued to West Berliners. Instead, visas would be attached to personal identity cards for travel through East Germany. This would not stop anybody traveling so long as a visa was granted, but it distinguished the West Berliners from the West Germans, making them appear second-class stateless citizens.

Thousands See Sen. Kennedy at Texarkana

AN ESTIMATED 100,000 PERSONS, THE LARGEST crowd in Texarkana's history, were on hand yesterday to greet the Democratic Presidential nominee, Sen. John F. Kennedy when he arrived there yesterday afternoon. Sen. Kennedy ended his tour of Texas and it was his first visit to Arkansas during the current campaign.

Youth Says He Killed 2 Playmates

MARION Ark. (AP)—A hearing will be held Thursday for a 14-year-old boy who told officers he killed two playmates in a deliberate bid for the electric chair. Prosecutor Julian Fogleman said he expects the boy to be charged with murder at the juvenile court session and transferred to Circuit Court.

Police said the youth—whose name was withheld in accordance with state law—killed two younger boys with shotgun blasts in West Memphis last Friday.

West Memphis officers said the boy surrendered at the police station and calmly described the shooting as a carefully planned suicide.

"If I just killed one they might just send me to reform school again," he told officers. "But if I killed them both they'll send me to the chair. I want to die. I do."

Sheriff Cecil Goodwin said the youth seems rational and bright but that other prisoners in the jail are afraid of him.

"I saw him today," said Goodwin, "and I asked him, if he wanted to die, why hadn't he killed himself. He said he didn't have enough nerve."

"I asked if he ever tried. He said, 'Yes, I've put pistols to my head several times before but I never could get up nerve to pull that trigger.'"

Officers said the boy was reared in a succession of foster homes and spent six months in the State Industrial School a year ago for running away.

Slain by the 410-gauge shotgun blasts were Douglas Naylor, 9, and James W. Melton, 11. Both lived in West Memphis.

Just a Warning

ANN ARBOR, Mich. (AP)—Most private parking lot owners are satisfied to have intruders' cars towed away. But members of Sigma Chi and Alpha Delta Chi fraternities at the University of Michigan will inflict more severe punishment.

At the entrance to the parking lot they share, a large sign warns: "Unauthorized cars will be dismantled."

69 Safe in N. Y. Plane Accident

NEW YORK (AP)—An American Airlines Electra turboprop plane, carrying 69 passengers and a crew of five from Boston, hit a dike while landing at La Guardia Airport today. An airline spokesman said all 69 were safe.

There was no immediate word about the crew from the airline but the fire department said all persons aboard had been evacuated.

The plane was believed to be Flight 361 from Boston.

NEW YORK (AP)—An American Airlines Electra turboprop plane, carrying 70 passengers and a crew of five from Boston, hit a dike while landing at La Guardia Airport today, flipped over and burst into roaring flames. No one was reported killed but some passengers were injured.

Six of the passengers were rushed to Flushing Hospital after astonishing rescue operation of all aboard the burning craft.

Others injured were treated in airport hangars. Airport police said none of these appeared seriously hurt.

American Airlines said the flight today reported no trouble as it made a landing approach before striking the eight-foot-high dike. The dike was one of a number erected at edges of the airport along Flushing Bay during an airport construction program.

Crew members were: Capt. Gordon Staples, First Officer Herbert Schleicher, engineer Kenneth Thoman and stewardess Margaret Fleming and Donna Gilligan.

Fire fighters were not immediately able to get the blaze under control.

The crash occurred in sunny but hazy weather.

Because of a huge construction program now under way at La Guardia, runway No. 31 is the only one available.

The craft flipped over and skidded about 500 feet, shearing off the left wing, before coming to a halt in a grassy area off the runway.

One observer was quoted as saying the landing gear hit the dike and snapped off, throwing the craft into a spin.

A supervisory check pilot of the airline, Sheldon E. Pangburn, was piloting the plane at the time of the crash. He said the craft was struck by a downdraft just as it made its runway approach.

Fire Kills Four

HOUSTON, Tex. (AP)—Four members of one family were killed early today in a fire that damaged 10 cabins of a 75-unit motel. About 25 of the cabins were occupied.

Killed were T. D. Clark, 37, a welder; his wife, Dorothy, 30; and their sons, T. D. Jr., 11, and Johnny Dale, 9.

Castro Will Head Cuban Delegation

HAVANA (AP)—Prime Minister Fidel Castro will head Cuba's delegation to the U.N. General Assembly with the avowed aim of backing policies put forth by Nikita Khrushchev and his cast of Communist leaders.

Cuban Foreign Minister Raul Roa made plain Tuesday night that Castro will go down the line with the Soviet bloc. He said Castro would come out for such Kremlin causes as seating Red China in the U.N., supporting left-leaning Patrice Lumumba as Congo premier and denouncing U.S. "imperialistic policies."

Castro and his delegation are slated to fly to New York Sunday, two days before the Assembly session opens. The U.S. State Department said the Cuban leader will not be limited to Manhattan Island by travel restrictions like those placed on Khrushchev.

Arkansas Pilot Claims Record

ELIZABETH CITY, N. C. (AP)—KA Coast Guard plane piloted by an Arkansas native claims a new non-stop, non-refueling record. The turbo-prop Hercules plane flew 5,225 miles from Shenya Island in the Aleutians to here, in 14 hours and 6 minutes.

The SC-130B was piloted by Lt. Cmdr. Lloyd L. Kent, 38, a native of Fayetteville, Ark.

The flight eclipsed by 513 miles the previous Air Force mark from Honolulu to Marietta, Ga., last year.

Young Girl Is Shot by Grandmother

HOT SPRINGS, Ark. (AP)—A 17-year-old girl going into the house where her grandmother was babysitting was shot and killed by the older woman Tuesday night, police said.

Mrs. Carry Talley was held on an open charge in connection with the death of her granddaughter, Carolyn Talley. Police offered no motive for the shooting.

Officer James Stafford gave this story:

Carolyn and her mother, Mrs. Mary Talley, had gone to the home of Mrs. Estelle Terry, where the grandmother was babysitting. The girl walked up to the door. The grandmother fired through a screen with a .38 caliber pistol less than a foot from the girl's head.

The bullet entered the girl's head above the left eye.

The mother was on the porch at the time.

Stafford said Mrs. Carry Talley gave him the pistol when he arrived at the house.

The girl's father, Walker Talley, is a former Hot Springs police department detective.

New Officers for Kiwanis Club

Hope Kiwanis Club elected new officers for the coming year on Tuesday, naming George Frazier as president to succeed Henry Seimans.

Bill Mudgett was elected vice-president and J. W. Franks was selected as treasurer. Next week the club will begin balloting to elect four new directors.

Following the election, the club saw a Southwestern Bell Telephone Co. film on "Telephone Courtesy Pays Off."

House, Contents Damaged by Fire

A small house occupied by Clovis Dunn, Negro, at Oak and Long Street, was gutted by fire late yesterday afternoon. The house was owned by Giles Foster.

Firemen sent two trucks to the scene but the blaze was too far along to save the wood frame house. Firemen said the blaze started from a kitchen cook stove. Value of the house was estimated by firemen at \$400 and contents from \$250 to \$300.

Ike to Address UN First; Curbs on Red Leaders Will Stand

Castro, Like Khrushchev to Be Restricted

WASHINGTON (AP)—The United States today ordered Cuba's Fidel Castro restricted to Manhattan Island when he attends the United Nations general assembly session in New York, beginning next week.

The limitations imposed on Castro's movements are the same as those previously set on the travels in this country of Soviet Premier Nikita S. Khrushchev and two other Soviet bloc leaders.

This latest move by the United States in preparation for dealing with the New York assembly of many government chiefs who follow the lead taken by Khrushchev, was announced at a news conference today by Secretary of State Christian A. Herter.

Herter said the Cuban embassy was formally advised this morning of the restrictions on Premier Castro.

By LEWIS GULICK

WASHINGTON (AP)—The United States held firmly today to its plan to confine Nikita Khrushchev to Manhattan Island during his U.N. visit despite expectations that the Soviet premier would seek to exploit the issue.

Khrushchev is heading the Soviet delegation to the United Nations General Assembly meeting starting Sept. 20. Both the White House and the State Department said Tuesday his movements are being restricted only to assure his safety.

In cool but correct terms, a U.S. note specifically rejected a formal protest that the Sept. 9 U.S. order restricting Khrushchev to Manhattan was an unfriendly act, unlawful and aimed at hindering the work of the Soviet delegation.

Soviet Ambassador Mikhail Menshikov delivered the Soviet protest Tuesday. The State Department reply was delivered by messenger to the Soviet Embassy Tuesday night.

The U. S. note told Khrushchev that under the U. N. headquarters agreement between the United Nations and the United States, the American government is responsible for his safety and for assuring his unimpeded access to U. N. headquarters which are on East Side Manhattan.

"Precisely in strict fulfillment" of this obligation, the note said, the U. S. government has had to require that Khrushchev "reside in closest convenient proximity" to U. N. headquarters and limit his moves to Manhattan.

The American order in no way interferes with "the normal work of the Soviet delegation," it said, adding: "Travel beyond the limits of Manhattan Island is clearly not essential to the normal functioning of a delegation to a session of the U. N. General Assembly."

Khrushchev wanted freedom at least to go to the Glen Cove, Long Island, estate where Soviet delegations to General Assembly have been normally quartered.

As matters now stand, Khrushchev will be putting up at the downtown headquarters of the Soviet U. N. delegation on Manhattan's Park Avenue. A five-story, block-long mansion there includes comfortably furnished apartments as well as offices and lush carpeted reception rooms.

The Security Council adjourned indefinitely Monday, at U.S. urging, until the situation became more clear. But members of the council, delegates from the African group, and other interested parties conferred in private throughout Tuesday.

A Lumumba delegation headed by Thomas Kanza, designated by the embattled premier as his representative here, managed to talk with Hammarskjold.

But nobody would say whether the Kanza envoys or a rival group sent by President Joseph Kasavubu would appear at the council table.

The Soviet delegation chief, Deputy Foreign Minister Valerian Zorin, tried to build up backfire against the charges directed at Soviet aid. He claimed Hammarskjold is playing along with a U.S.-NATO coalition designed to bring the Congo again under colonial rule.

Bulletin

WASHINGTON (AP)—Cecil N. Kotal, Fedorovich Artamonov, a defected Soviet naval officer, testified today that Soviet Russia has been preparing for a surprise nuclear attack on the United States since 1955.

The 32-year-old Russian said that despite Soviet Premier Nikita S. Khrushchev's public declarations favoring disarmament, Soviet military forces have been under orders to be ready to launch off an immediate nuclear attack on this country.

To Get Jump on Mr. K With U. S. Proposals

WASHINGTON (AP)—President Eisenhower decided today to get Soviet Premier Nikita Khrushchev to the punch and address the United Nations General Assembly before Khrushchev speaks there.

The White House announced that Eisenhower will go to New York Thursday, Sept. 22, to address the General Assembly.

This date would put Eisenhower well ahead of the Soviet premier in the speaking list under United Nations procedure.

At the U.N., Brazil has the first right to address the General Assembly, with the United States presenting the second speaker. The assembly opens Sept. 20.

There was no immediate indication when Khrushchev will get his turn, but it was thought probably that he will not make his speech until after Eisenhower returns to Washington.

Eisenhower's decision marked a sudden shift in plans, presumably dictated by an administrative desire to prevent Khrushchev from stealing the propaganda spotlight unchanged.

The previous administration plan was for Eisenhower to go before the General Assembly some two or three weeks after Khrushchev left New York, thus availing any prospect of a face-to-face meeting.

Secretary of State Christian A. Herter was to have been the top U.S. spokesman with the task of replying from day to day to any Khrushchev propaganda attacks and boasts about Soviet scientific and military might.

This administration strategy, however, was known to have favored British authorities, who felt high-level competition was needed to counter the impact of Khrushchev's words around the world, particularly in neutral countries.

Press secretary James C. Hagerty hinted Monday night for the first time at a shift in administration thinking. At that time he cautioned newsmen against speculating that Eisenhower would go to New York after Khrushchev left.

Hagerty, announcing today the President's plans to speak before the assembly, said: "He will have specific proposals to make to the United Nations delegates at that time."

But when questioned by newsmen about the possible proposals Hagerty declined to go beyond the wording of his formal statement.

WASHINGTON (AP)—President Eisenhower will address the United Nations General Assembly next Thursday, the White House announced today.

Eisenhower's address is timed to precede that of Soviet Premier Nikita S. Khrushchev, now en route by boat to speak before the Assembly.

The General Assembly opens Tuesday, Sept. 20, but Thursday is the first day for speech-making.

Under the General Assembly schedule, Brazil will have the first opportunity to speak, followed by the United States.

Eisenhower will replace Secretary of State Christian A. Herter in making the opening speech for the United States. Herter, however, will remain in New York as head of the American delegation after Eisenhower speaks.

Primaries Are Held in Nine States

By THE ASSOCIATED PRESS

Nine states held primary elections Tuesday. There were some surprises, an upset or two. Generally, the results shed little light on the way the political tides might be running in November. In Massachusetts, Gov. Foster Furcolo lost to a relative newcomer, Mayor Thomas J. O'Connor, 35, of Springfield, in a bid for the Democratic nomination for the U.S. Senate.

Furcolo had the Democratic

is the guest of his grandparents, Mr. and Mrs. Tom Bemis.

Charles Yehrbright left Friday for Shreveport where he will resume his studies at Centenary College.

Mrs. J. B. Horne of Gordon was the guest last week of Mr. and Mrs. Leroy Phillips.

State Convention's endorsement but the party was split. O'Connor, in his first try for statewide office, campaigned hard and long while Furcolo sat tight until a few days before the primary. O'Connor will run against Republican Sen. Leverett Saltonstall, who was unopposed for renomination.

Veteran Rep. Joseph Martin of Massachusetts won easy renomination. It was the first time he was opposed in a primary in 35 years.

Primaries also were held in New Hampshire, Vermont, Minnesota, Wisconsin, Utah, Arizona, Colorado and Washington. In some cases, such as Wisconsin and Minnesota, major candidates were unopposed in their parties and the races shaped up as tests of relative party strength.

State outcomes included:

MINNESOTA
Democratic Gov. Orville Freeman won a fourth-term nomination by a more than 10-point margin over a political unknown, Sen. Hubert H. Humphrey, also unopposed, was leading the top Republican candidate for his seat, Mayor P. Kenneth Peterson of

Minneapolis, but the total GOP vote was bigger than Humphrey's. Freeman's GOP opponent, Elmer Anderson, who was unopposed, was trailing the governor in the popularity poll.

WISCONSIN
Another popularity contest, this one an apparent standoff. Democratic Gov. Gaylord Nelson and his opponent, former GOP State Chairman Philip D. Kuehn, both were unopposed. They appeared about evenly matched in the light voting.

NEW HAMPSHIRE
Gov. Wesley Powell won another close victory in the Republican gubernatorial nomination race over former Gov. Hugh Gregg. With returns almost complete, Powell led 40,031 to 35,246. It was a virtual repeat of a Powell-Gregg photo finish two years ago.

A third candidate, trailed badly, Bernard L. Boutin, former Democratic national committeeman, walked away with his party's gubernatorial nomination. Sen. Styles Bridges and two incumbent GOP congressmen, Reps. Chester D. Morrow and Perkins Bass, won renomination easily.

10 Local Option Elections Set

LITTLE ROCK (AP)—Wednesday elections in North Little Rock and Washington County (Fayetteville) head a list of 10 local option elections scheduled Nov. 8.

And there could be more wet-dry votes that just haven't come to light, a spokesman for the Arkansas Division of the U. S. Taxpayers' Foundation said. A spokesman for the Christian Civic Foundation, Inc., said that group is surveying the question.

Other dry-sponsored elections will be in Franklin and Polk townships in Calhoun County, Washburn Township in Logan County and Tubal Township in Union County.

Elections seeking to legalize sale of alcoholic beverages are slated in Bradley County, Bedford in Ouachita County, Butte in Mountain Township of Stone County, Yell County and White County. A 1958 wet-dry election in White County is still tied up in court.

The State Constitution prohibits a State Lottery and the sale of Lottery tickets.

Active Member of AEA Dies

LITTLE ROCK (AP)—Miss Emma Scott, a member of the staff of the Arkansas Education Association and long active in the field of education, died at a Little Rock hospital today after a long illness.

She was editor of the AEA's Journal of Education and assistant field director for the association.

In 1947 Miss Scott organized for the AEA the Future Teachers of Arkansas.

The Arkansas Student Education Association grew out of the future teachers group.

Before joining the AEA, Miss Scott was a teacher and director of guidance at Central High School here.

She was a native of Delaplaine, Green County, but had lived in Little Rock since girlhood.

She was a graduate of the University of Arkansas and the University of Indiana.

Business Is Restless for an Upturn

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The fall feel. Many who had counted upon business upturn still drag its usual magic are growing restive.

The stock market, which has been watching and waiting, is getting fidgety. It has painful memories of other years when the seasonal fall upswing didn't come. And September is at the midpoint with the official start of autumn scarcely more than a week away.

Some hope that with the passing of both Donna and the Pennsylvania Railroad strike the Northeast industrial centers will pick up actively.

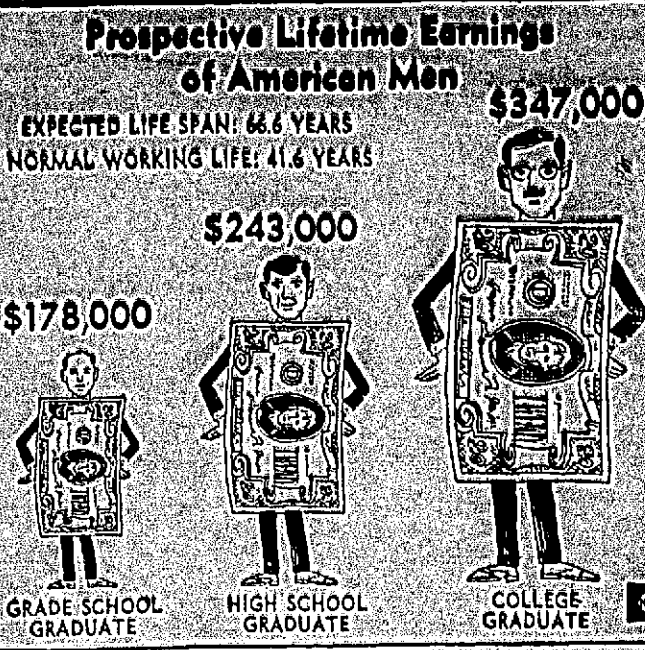

But from the steel mills comes word that new orders are still too slow to point to much, if any, increase in output this month, and probably to only a faint one in October.

The banks have been granted more available funds to lend and have cut their basic interest charge. But business hasn't responded with any flurry of borrowing. All the more disconcerting, while American business seems stalemated, Western European industries are booming.

More funds are available here for mortgages and in some areas the terms are easier. But, the home building industry, facing its usual seasonal downturn, for weather reasons, is also beginning to write off any pickup for some months to come because of high prices and too few shoppers for new homes.

The auto industry is busy turning out new models for presentation over the next few weeks. But, however good their reception may turn out, dealers still aren't out from under the big stock of unsold 1960 models.

Auto companies are ordering steel for their new models. But the compact cars take less than the large ones. And the steel mills, although thankful that auto orders are giving steel production its principal lift at the moment, are still suffering from the drop in

WORTHY OF THEIR HIRE—The average American male can put a tag of about \$200,000 on himself. That's how much he can expect to earn in a normal working life. In 1949, the average was \$133,000. Education, of course, is the determining factor, as graph above illustrates. Data from the Institute of Life Insurance.

total amount of steel the auto industry will need.

Steel output dropped below 50 per cent of capacity both in the Fourth of July and in the Labor Day weeks. But its expected rebound this week turns out to be scarcely more than a mild bounce, up to 52.7 per cent of capacity.

Back in midsummer the steel industry had looked for much more than that by mid-September. Steel output has yet to show anything like a normal seasonal recovery from summer dullness.

A few weeks back steelmen thought the output slowdown was due to a correction in inventories—that is, the steel users had built up stocks too fast at the start of the year and were holding up orders until inventories were back to normal.

But Iron Age, a metal working weekly, says that period is passed and while cutbacks in inventories were the most significant factor during the summer, actual consumption of steel hasn't snapped back as it should.

It says that as a result, October may have to be written off as the recovery month.

Molotov at Atom Agency Meet

VIENNA, Austria (AP)—Former Soviet Foreign Minister V. M. Molotov was in the background today as the meeting of the International Atomic Energy Agency's board of governors opened here.

An IAEA spokesman said Molotov is present but not participating in the meeting.

Vasily Yermolov, representative of the Soviet Union, Molotov was named alternate delegate to Yermolov. Molotov's modest role today appeared to confirm speculation that his appointment was a downgrading to remove him from Ulan Bator, capital of Outer Mongolia, because of its proximity to Red China.

Molotov was stripped of his high post by Premier Nikita Khrushchev in 1957 and charged with belonging to an "anti-party group." At present, Khrushchev has dispute going with Red China over the theory of peaceful coexistence.

Arkansas population jumped from 14,273 in 1820 to more than 50,000 in 1835.

No Southwest Team Counts Out the Owls

(Rice is another in a series of losing Southwest Conference football prospects.)

HOUSTON, Tex. (AP)—Rice lost 19 lettermen plus 10 others who saw at least a little game duty but there's still a fair nucleus of candidates on speaking terms with the rigors of Southwest Conference competition.

Participants of the league's smallest school hope there will be a more impressive record than last year's 1-7-2, even though the experts feel that Rice can improve very little.

Veterans of the circuit, however, point out that Rice can't be taken lightly because the Owls fell to sixth place last fall. In 20 years of Jess Neely's coaching Rice has dropped below the first division only four times and 70 per cent of the time has finished 1-2-3.

As a consistent contender and in the nation's sixth largest city, Rice potentially leads the conference in home attendance. Rugged schedules help as an attraction and this year's slate is typically tough-leading off with Georgia Tech here Sept. 24, then Tulane and Florida before the seven conference games.

To combat this salty schedule, the Owls will have a squad that appears very sound at some positions, promising through unproven at other, and questionable at a few spots.

Few schools in the country have a trio better than the middle men in the Rice line—Rufus King, Boyd King and Bobby Lively. All three are senior lettermen. They have good blocking, too.

There is only one returning regular at tackle—Junior Robert Johnston—but the Owls should be improved at end where there are lettermen Rocky Schultz and Johnny Burrell and some promising sophomores.

Quarterback is the key to Rice hopes and Alvin Hartman, a 207-pound, 2-year letterman, is holding down the spot now. He never has been a starter, however, being a bit slow foot. If it appears he

isn't quick enough, a couple of sophomores—Billy Cox and Randall Roberts—may beat him out.

Across the top of the line the Owls should be some better. At fullback the 1-2 lettermen are back in Roland Jackson and Lonnie Gaddell, but they will be pushed by hard-blocking and hard-running sophomore Jerry Chandler.

As a whole, the halfbacks are comparatively light but they have good speed. Letterman Bob Vast and Max Webb are the starters but are being pushed.

The Owls are tabbed as second division outfit but they're just obstinate enough to think they're better.

The Arkansas state flower is the apple blossom, state tree is the pine and state bird, mockingbird.

CHAZ, Austria (AP)—A Yugoslav military plane landed today at a civil airport and its two occupants asked for political asylum.

The apple blossom, state tree is the pine and state bird, mockingbird.

PROPOSED CONSTITUTIONAL AMENDMENT NO. 30

BE IT RESOLVED by the House of Representatives of the State of Arkansas, and by the Senate, a majority of all members elected to each House agreeing thereto:

That the following is hereby proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors at the next general election for Representatives and Senators, if a majority of the electors voting thereon at such an election, adopt such amendment, the same shall become a part of the Constitution of the State of Arkansas, to-wit:

SECTION 1. The annual salaries of the constitutional officers of this State shall be as fixed by law, but shall not exceed the following:

The Governor, the sum of \$20,000.00; the Lieutenant Governor, the sum of \$5,000.00; the Secretary of State, the sum of \$10,000.00; the Treasurer of State, the sum of \$10,000.00; the Auditor of State, the sum of \$10,000.00; the Attorney General, the sum of \$12,000.00; and the Commissioner of State Lands, the sum of \$10,000.00.

SECTION 2. The annual salaries or compensation of all elected county officials and their deputy hire allowances shall be as fixed by law, provided that no such salary or compensation shall be in excess of \$10,000.00 per annum.

SECTION 3. The annual salaries of all elected municipal officials shall be prescribed by the elected government body of such municipality, but no such salary shall be in excess of \$10,000.00 per annum. Provided that the salaries of municipal judges shall be established in the manner prescribed by Amendment No. 43 to the Constitution of the State of Arkansas.

SECTION 4. The annual salaries or compensation of all county and municipal officials, and their deputy hire allowances, shall be and remain the same as provided by law upon the effective date of this Amendment until the same shall be changed in the manner authorized herein.

SECTION 5. The salaries of state constitutional officers, elected county officials and elected municipal officials shall not be reduced or diminished during the term for which any such official shall be elected.

SECTION 6. Nothing contained herein shall limit or restrict the right of the people to establish the salaries of county and municipal officials by initiated act as authorized in Amendment 7 to the Constitution.

SECTION 7. All laws and parts of laws and all constitutional provisions in conflict herewith are, to the extent of such conflict, hereby repealed.

PROPOSED CONSTITUTIONAL AMENDMENT NO. 31

BE IT RESOLVED by the Senate of the State of Arkansas, and by the House of Representatives, a majority of all members elected to each House agreeing thereto:

That the following is hereby proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors at the next general election for Representatives and Senators, if a majority of the electors voting thereon at such an election adopt such amendment, the same shall become a part of the Constitution of the State of Arkansas, to-wit:

SECTION 1. In addition to the powers granted by constitutional or statutory authority, cities of the first and second class may issue, by and with consent of a majority of the qualified electors of said municipality voting on the question at an election held for the purpose, bonds in sums and for the purposes approved by such majority at such election as follows:

For the payment of any indebtedness existing at the time of the adoption of this amendment; for the purchase of rights of way for construction of public streets, alleys, boulevards, and expressways, within the corporate limits of such municipality for the construction of widening or straightening of streets, alleys, boulevards, expressways, and parking facilities, within the corporate limits of such municipality; for the purchase, development and improvement of public parks, airports, flying fields, and recreational facilities located either within or without the corporate limits of such municipality; for the construction of sewers and comfort stations; for the purchase of fire alarm systems; for the purchase of street, police or fire fighting apparatus and equipment; for the purchase of street and sewer cleaning equipment and apparatus; for the purchase of sites for construction of, and equipment of city halls, auditoriums, court houses, prisons, libraries, hospitals, clinics, public bathhouses, incinerators or garbage disposal or sewage treatment plants; for building for the housing of street, police or fire fighting apparatus and equipment; for the construction of viaducts and bridges; for the purpose of purchasing, extending, improving, enlarging, building or construction of water works or light plants, and distribution systems (herein and for the purchase of sites for, improving of equipping harbor and river terminal facilities; and for the acquisition, development and construction of other municipal or public facilities and improvements. For the purchase, development and improvement of airports, waterworks, sewage disposal systems or any other municipal facilities which are wholly or partially located outside the boundaries of this State.

No bonds issued under the authority of this amendment shall bear a greater rate of interest than six per cent per annum payable either annually or semi-annually, that is to say, the cost to the municipality for interest and discount, on each issue of bonds shall not exceed six per cent per annum, and no bonds issued under the authority of this amendment shall ever be sold except at public sale after twenty days' advertisement in some newspaper having a bona fide circulation in the municipality issuing such bonds.

In order to provide for the payment of the bonds issued under the provisions of this amendment, and interest thereon, a special tax in addition to the legal rate permitted may be levied by municipalities on the real and personal taxable property therein. And any municipality issuing any bonds shall, before or at the time of doing so, levy a direct tax payable annually, sufficient to pay the interest on such bonds at the same maturity, and also sufficient to pay and discharge the principal of all such bonds at their respective maturities. The special tax permitted by this amendment shall not be subject to any constitutional limitation; provided, however, the General Assembly may by legislative act limit the rate of such taxation, which limitation shall be effective only upon a special tax levied for the payment of bonds issued after the effective date of such legislative act.

Said bonds shall be serial, maturing annually after three years from date of issue, and shall be paid off as they mature, and no bonds issued under the authority of this amendment shall be issued for a longer period than forty years.

It shall be the duty of the mayor and city council or other governing body established by law, to exercise supervision over the sale of any bonds, which may be voted by the people at an election held for that purpose and they shall expend economically the funds so provided for the specified purposes for which they were voted.

Said election shall be held at such times as the city council may designate by ordinance, which ordinance shall specifically state the purpose for which the bonds are to be issued, and if for more than one purpose, provisions shall be made in said ordinance for balloting on each separate purpose; which ordinance shall state the sum total of the issue, the dates of maturity thereof and shall fix the date of election so that it shall not occur earlier than thirty days after the passage of said ordinance. Said election shall be held and conducted, and the vote thereof canvassed, and the result thereof declared under the law and in the manner now or hereafter provided for municipal elections, so far as the same may be applicable, except as herein otherwise provided. Notice of said election shall be given by the mayor by advertisement weekly for at least four times, in some newspaper published in said municipality, and having a bona fide circulation therein; the last publication to be not less than ten days prior to the date of said election.

Qualified voters of said municipality only shall have a right to vote at said elections. The result of said election shall be proclaimed by the mayor and the result as proclaimed shall be conclusive unless attacked in the courts within thirty days after the date of such proclamation. This amendment shall not repeal or affect any law relating to the organization of improvement districts.

SECTION 2. In addition to any existing Constitutional or Statutory provisions, and the powers granted under the provisions of this amendment, cities of the first and second class are hereby authorized to levy a tax on the real and personal property located within the corporate limits of five (5) mills on the dollar of the assessed value of such property. That the revenues from such tax may be used for any municipal purpose now or hereafter authorized.

SECTION 3. The General Assembly may by legislative act allow cities of the first and second class to levy additional taxes for any municipal purpose, now or hereafter authorized, and such taxes or the rates thereof shall not be limited by any existing Constitutional provision.

SECTION 4. The salaries of officials and employees of cities of the first and second class shall be fixed by the governing body of such cities, and the amounts of such salaries shall not be limited by any existing Constitutional provision.

SECTION 5. This amendment shall be in force upon its adoption, and shall not require legislative action to put it into force and effect.

PROPOSED CONSTITUTIONAL AMENDMENT NO. 32

BE IT RESOLVED by the Senate of the State of Arkansas, and by the House of Representatives, a majority of all members elected to each House agreeing thereto:

That the following is hereby proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors at the next general election for Representatives and Senators, if a majority of the electors voting thereon at such an election adopt such amendment, the same shall become a part of the Constitution of the State of Arkansas, to-wit:

SECTION 1. Intelligence and virtue being the safeguards of liberty and bulwark of a free and good government, it is hereby declared to be the public policy that Arkansas shall ever provide financial aid whereby all residents of this State between the ages of six and eighteen years may, as desired by them or their parents or guardians, receive gratuitous instruction; and that the manner of administering such aid can best be determined at the local level.

SECTION 2. Financial aid to carry out the aforesaid declared policy of the people of this State shall be raised at both the State and local levels through taxation now or hereafter authorized by law. Financial aid at the State level shall be provided in such amounts and distributed to school districts under such formula, or formulas, as the General Assembly shall from time to time determine; and financial aid at the local level shall be provided in such amounts as shall from time to time be determined by the qualified electors of the respective school districts.

SECTION 3. The qualified electors of each school district shall have the right to determine by their vote at a special election called for the purpose, the manner of applying the financial aid available for the instruction of residents of the district between the ages of six and eighteen years; and such instruction may be provided either: (a) through a system of free public schools whereof the district will provide the physical plant, employ instructors, and do any and all things necessary to maintain a general, suitable and efficient system of free schools to be operated by the district; or (b) through student education financial aid whereof the district will apply all available funds for the equal benefit of all such residents for the periods of time during which they respectively receive instruction in this State.

SECTION 4. Subject to such limitations as may be imposed by law, exclusive jurisdiction for the government of each school district shall be vested in a board of directors.

SECTION 5. There is hereby levied and there shall be collected an annual per capita tax of one dollar from each resident of this State over the age of twenty-one years, and the proceeds thereof shall be used for educational purposes in such manner as is now or as hereafter may be provided by law.

SECTION 6. Not less than fifteen days next preceding each annual school election, the board of directors of each school district shall prepare, approve and make public a proposed budget of expenditures in which there shall be set forth the amount of funds determined by the board as being necessary to provide, during the next following fiscal year, gratuitous instruction for residents of the district between the ages of six and eighteen years. The proposed budget shall set forth the estimated amounts, respectively, of funds necessary: (a) to meet the debt service requirements of the district's issued and outstanding bonds; (b) to meet its other contractual obligations; (c) to pay insurance premiums on, and cost of maintenance or custodial care of, the district, shall be used for student education financial aid, and shall be applied equally for the benefit of all such residents for the periods of time during which they respectively receive instruction in this State.

SECTION 7. Either branch of the General Assembly at a regular or special session thereof may propose amendments to this measure, and, if any such proposal be agreed to by a majority of all the members elected to each house such proposal shall be submitted to the electors of the State for approval or rejection at a special election called for the purpose by the Governor; and if a majority of the qualified electors voting at such special election adopt such amendment the same shall be operative on and after the 30th day after the election at which it is approved, unless otherwise specified in the amendment. Nothing in this section contained shall be construed to limit the power of the General Assembly to submit proposed amendments to this measure as provided by Section 22 of Article 19 of the Constitution of this State.

SECTION 8. The provisions of this measure are hereby declared to be severable.

SECTION 9. Article 14 and Amendments Nos. 11 and 40 to the Constitution of this State are hereby repealed.

SECTION 10. This amendment shall be self-executing, and its provisions shall be treated as mandatory, but laws shall be enacted by the General Assembly to facilitate its operation.

SECTION 11. This amendment shall take effect and be in full force on and after the date of its approval at the November, 1950, General Election.

Feel Shows Could Incite Some Crime

AP Movie-TV Writer By BOB THOMAS

HOLLYWOOD (AP)—Do crime movies and TV shows incite crime?

The question has long been argued. It was brought up again last week when a confessed triple slayer in Hollywood said he killed victim No. 2 after taking her to see the film "Psycho."

The stranger insisted the movie did not prompt his deed. "I don't know why I did it," he said. "I occasionally get a strange urge to kill. Most of the time I get rid of it by watching TV or going to the movies, but sometimes—"

The story thus gave ammunition to both sides in the continuing argument about the effect of crime portrayals.

1. Upholders of films could reason that movies offer a vicarious outlet for criminal urges.

2. Their opponents could argue that the seeing of "Psycho" and the committing of the murder

were too close to be coincidental.

Alfred Hitchcock, who made "Psycho," declined to enter the

controversy. Nor was there any

comment from the Motion Picture Association, which gave the film its Production Code seal. Code overseer Geoffrey Shurlock has been barred from public comment.

In the days when he was allowed to talk, Shurlock told me that he did not believe crime films induced criminal activity. He said he kept track of news stories that claimed a criminal had committed a crime on the stimulus of seeing a movie. All such cases were thoroughly investigated, Shurlock said, and it was found the crimes stemmed from other causes.

William H. Parker, Los Angeles chief of police, has this to say: "The power of suggestion to persons easily stimulated undoubtedly plays a part in criminal behavior."

His opinion is shared by Dr. Frederick J. Hacker, psychiatrist head of the Hacker Clinic in Beverly Hills.

Former Parker Glidder Dies

WALDRON, Ark. (AP)—Gene (Sally) Davidson, 64, an All-Southwest Conference quarterback from the University of Arkansas in 1916, died Monday in a Port Smith hospital.

He played football until he was graduated from Arkansas in 1920 and later played professional baseball with the Port Smith Twins.

He served 12 years as Scott County clerk, six years as county judge and two terms as mayor of Waldron.

Davidson was president of the Bank of Waldron and of a hardware firm here.

long look at the collapsed office wing of the gutted house. If Jo was around and still alive, why didn't she show?

A big, boomed lanky ramblin' with a shock of russet hair suddenly lifted a pointing hand. Turning, three or four of those nearest spotted the cook's huddled shape half submerged in the muck. A couple of them swore. One man closed a hand around the butt of his pistol.

Another, on the fringe, wheeled his mount out of the group. Tico's growl leaped after him. "Where you figger you're goin'?" Two others, about to pick up their reins, let them lay, visibly nervous.

The one spoken to said "I'm gettin' outa this!"

"I'll take care of that."

Maybe the man didn't like the sound of it. His face twisted, but that was all he had time for. Tico's shot smashed him backward out of the saddle. The spooked horse snorting, whirled away, stirrups flapping, into the grove of scrub oaks. The crew sat like clothes stuffed with straw, never moving.

"If there's anyone else..."

Tico said, pushing his stare at them.

Press Asked to Play Down Khrushchev

BY THE ASSOCIATED PRESS

Should the American press ignore Soviet Premier Nikita Khrushchev and his expected propaganda fireworks when he appears at the United Nations General Assembly?

Letters, mostly from women and bearing some evidence of an organized movement, have been pouring into newspapers, magazines, television and radio stations asking that Khrushchev be given the silent treatment while he is at the U.N. He arrives in New York Monday.

Newspapers queried by Editor and Publisher, the journalism who would have liked to quit but none of them was foolish enough to admit it.

"All right," Tico said, sliding his gun back in leather. "We dunno about Jo but we sure know where Brod sent Trone's sister. That's where we'll come up with him. Let's git whackin'."

trade magazine, don't think much of the idea. But some urge restraint in coverage of his propaganda activities.

"I am writing to ask you not to give Khrushchev any publicity while he is here in this country," said Ruth B. Chapman, of Albany, N.Y., in a letter to The Associated Press. "He has insulted our president and country before the world and we know he comes here for a sinister purpose."

Former President Harry S. Truman agrees with Mrs. Chapman. "It would be best if he were completely ignored (but) there is no way you can do it when the publishers are in the frame of mind they now are," Truman said in an interview. He suggested newspapers should report Khrushchev's action but "don't give him glaring headlines."

The Christian Science Monitor urged editorially that all news media refrain from lending themselves to Khrushchev's propaganda during his U.N. visit.

Father of Student Is Charged

MINN BLUFF, Ark. (AP)—The father of the first Negro to attend Dollarway School went here and the man who had him arrested Saturday night both face court appearances Sept. 26.

Judge Willon Steed Monday set the hearings in Municipal Court for John D. York, whose 6-year-old daughter integrated the previously all-white school last week, and O.D. Corder, a white grocer.

York, through his attorney, filed three charges Monday against Corder. Corder was served with the warrants during the court session.

Corder had brought charges of driving while intoxicated, disturbing the peace and reckless driving against York, who was arrested Saturday night and released on \$500 bond after spending the night in jail.

York charged Corder with disturbing the peace, assault with a deadly weapon and carrying a concealed weapon. He was freed on \$207 bond.

York said Corder "bawled out" him after an altercation which began at Corder's store, not far from the Dollarway School.

Corder said the incident started when he approached York after the Negro allegedly spun the wheels of his pickup truck in the store's gravel driveway.

REA Has Praise for President

NOT SPRINGS, Ark. (AP)—The head of the Rural Electrification Administration, David A. Harrell, feels the Eisenhower administration has been a friend of rural power development.

Harrell told a regional meeting of the National Rural Electric Cooperative Association Monday that no one person or no one party was responsible for the 25-year growth of rural electric co-operatives.

But he said 44.5 per cent of the loans approved by REA had been made since the present administration took office in 1953.

His view contrasted with that of an earlier speaker, Clyde T. Ellis, the association's general manager. Ellis, a former Arkansas congressman, criticized the present administration and its policies on rural power co-operation.

Escapee Jailed at St. Louis

ST. LOUIS (AP)—Russell Lee Martin, who escaped from the Missouri prison farm at Jefferson City, was arrested by St. Louis police Monday.

Officers found him with his half sister in her third-floor room.

Martin went out a window and down a fire escape when police knocked on the door but surprised when he saw detectives waiting for him.

He said he arrived in St. Louis Friday on a freight train. He escaped Thursday.

Martin is 36 and was serving an 18-year sentence for assault and robbery in Kennett, Mo.

His half sister, Miss Lulu Mae Ham, was booked on suspicion of harboring a fugitive.

Restrictions on Airports in Congo Lifted

By MICHAEL GOLDSMITH

LEOPOLDVILLE, the Congo (AP) The United Nations released its restrictions on airports and broadcasting in the Congo today and President Joseph Kasavubu sought quickly to gain the upper hand via the radio.

Congolese soldiers loyal to the stocky, usually phlegmatic Congo president surrounded the Leopoldville radio station shortly after the U. N. ban on political broadcasts was lifted.

The radio station had been Premier Patrice Lumumba's first objective after he was released from a brief imprisonment Monday.

Jean Bolikango, designated as minister of information in the Kasavubu-approved Cabinet of Joseph Ileo, broadcast his first appeal to the Congolese.

Bolikango promised an all-out effort to find employment and food for the masses. He announced that Kasavubu has signed new arrest warrants for Lumumba and six of his ministers.

Lumumba was deposited officially as premier eight days ago, by Kasavubu order, but has held onto the job. Bolikango said today Lumumba "is in hiding but we will find him for the good of the country."

U. N. soldiers had been withdrawn from the radio station and white-helmeted troops supporting Kasavubu put their own machine guns into position outside the building.

Shortly after his broadcast, Bolikango was driven under an escort to the Memline Hotel. Before some 40 newsmen, he pleaded for the West's help for the chaotic Congo.

"Independence has brought misery, terror and fear to the Congo," Bolikango said. "We don't want our people to tell you we had clamored for independence to create starvation."

Police with bayoneted rifles guarded the entrance to the hotel as Bolikango, leader of the Puna party, spoke in fluent French.

While stating that Ileo's government will not seek vengeance, Bolikango said Lumumba and others "will have to account for their acts."

Bolikango himself was arrested by Lumumba about 10 days ago on charges of planning to assassinate Lumumba. Loyal soldiers freed Bolikango from prison.

The best available explanation of Lumumba's release from arrest Monday was that he had convinced his army captors that he already had resigned as premier, and therefore they had no reason to hold him further. When he left his captors he paraded through the streets shouting "Victory!" He tried to gain access to the radio station but failed.

The U.N. restrictions on air traffic and broadcasting had been for several days a major block to Lumumba's operations. He was barred from rallying his followers over the radio, and his Soviet planes were blocked from flying soldiers around the country.

A U. N. spokesman said the restrictions, imposed last Tuesday were lifted "to facilitate the return to normalcy as soon as possible."

"All peaceful air traffic" will be permitted, the spokesman said. He indicated that the transport of Congolese soldiers will also be permitted provided the United Nations has satisfactory proof of their peaceful aims.

Lumumba exulted over his swift release from army custody Monday night and called loudly for the arrest of Kasavubu.

In the muddled situation an official of the U. N. command said "anything can happen now, absolutely anything."

Groups of Congolese stood on street corners discussing Lumumba's surprise resurgence.

Many anti-Lumumba Congolese—who appear to form a strong majority in the capital—were jubilant when troops reported loyal to Kasavubu handed the premier an arrest warrant and whisked him off to custody in the giant Leopold II army camp.

Less than two hours later Lumumba came roaring back through Leopoldville's streets in a military jeep shouting "victory."

The premier sped to Leopoldville radio station and tried to name a broadcast. But the U. N. guard in control of the station turned him back.

No one knew just what happened inside the camp, but it seemed certain there was no fighting.

Whatever happened, Lumumba staged a triumphal procession of military jeeps through the streets with sirens blaring to announce his release.

"It's Kasavubu's turn to go to jail now," he shouted through a megaphone.

Only a few bystanders showed enthusiasm. It was noted Lumumba did not return to his official residence but went to his private house in another part of the city's European quarters.

The premier issued a statement later claiming the attempt to jail him was made by disloyal troops on a warrant issued nearly a week ago, after he and Kasavubu had announced they were firing each other.

The statement charged that Ka-

Aly Leaves Companion Well Fixed

LONDON (AP)—Aly Khan left \$200,000 and a mansion at Chantilly, France, to his constant companion Bettina. It was disclosed in his will published today.

Bettina, a model whose real name is Mme. Simone Bodin, was with the late Aly Khan's son in Paris. He suffered fatal injuries in an automobile accident in Paris May 12.

Aly Khan's home was in Switzerland, and the full extent of his estate—believed to total millions—was not disclosed by the will.

His estate holdings in England alone were valued at the equivalent of \$530,940.

The will directed the bulk of the estate be disposed of under the "Shia Muslim law, which is my personal law, in force for all members of the Shia Muslim community in the country of my domicile of origin, Pakistan."

The will explained that under Shia Muslim law the net estate left after specific bequests would be divided into three parts. Of these, two parts would go to his lawful heirs as though he had died without leaving a will. The third part would be set aside to pay "legacies and duties."

Among Aly Khan's heirs are his daughter Yasmin, by his former wife Rita Hayworth, the movie actress. He directed that her share be held in trust until she is 21. She will be 11 in December.

Nearly a score of towns and communities in Arkansas were named for springs.

Many Start Grandest Adventure

By HAL BOYLE

NEW YORK (AP)—Curbside comments on a Pavement Plaza

A million or so young Americans will start one of the grandest adventures of a lifetime this month—college.

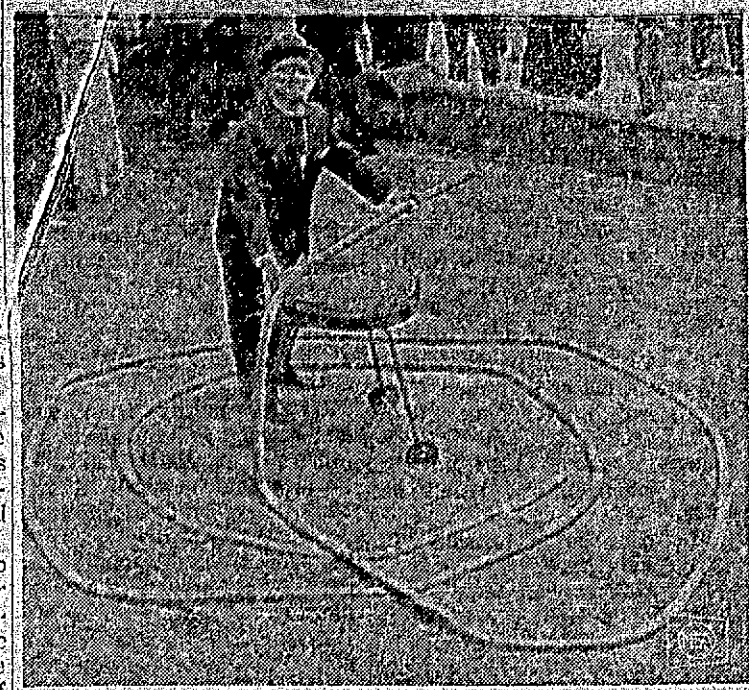

A boy's first day in kindergarten and his first day in college are two great landmarks in his life. On one he leaves infancy behind forever, and on the second he begins to become a man.

The parent has a big role to play when his son is ready for college. But often he isn't college-educated himself and isn't sure just what that role should be. He wants to help, but he isn't sure of either the possibilities or the pitfalls in college.

Here are a few scattered answers to a number of questions many of these parents are asking themselves:

Q. My son can't get into one of the famous Ivy League schools in the East. Will this ruin his future?

A. No, although attendance at

these schools will be of great help if he plans to sell bonds or get on the U. S. Supreme Court.

Q. What about the big state universities?

A. Educationally, they are fine.

Group to Study Reimbursements

LITTLE ROCK (AP)—A state Board of Education committee will be named by Chairman Mar-

er colleges. Their quality of teaching is often better than in the larger universities, and their enrollment is small enough so that your son will get more individual attention. If he needs help, he is more likely to find it.

Q. My son doesn't yet know what he wants to be. What courses should he take?

A. Let him take basic courses in literature, history, economics, logic, biology, public speaking, and at least one foreign language. These will give him a broad background, psychology, government, psychology, and a wide knowledge that will benefit him all his life, and perhaps speed him to a choice of a career.

Q. What about letting my son work his way through college?

A. No, not even if you have to mortgage your home. The benefits of working one's way through college are highly over-rated. Few men who did this ever want their sons to, because they know what they missed. Going to college is a fulltime job in itself. Let your son work during his vacations.

Q. Where would you prefer to send your own son?

A. To a good junior college or one of the hundreds of fine small-

Plans New Wing at Tech School

LITTLE ROCK (AP)—The state Board of Education voted yesterday to build a new \$35,000 wing at the Pine Bluff Vocational Technical School, thus completing a program authorized by the 1959 legislature.

The board rejected a request by the Pulaski County (Rural) School District for a change in the formula for state transportation aid to school districts.

Eighty-six per cent of the out-of-state visitors to Arkansas come by automobile.

vin Bird of Earle to study the question of reimbursement for the Little Rock and Dollarway School Districts for integration lawsuits.

The board could not decide the question Monday.

The 1959 legislature set up a \$100,000 fund to help needy districts fight integration lawsuits. The Dollarway district, which earlier received \$4,050 from the fund, asked an additional \$7,225. The Little Rock district requested \$25,489.

Bird said the board would not take a stand on proposed Amendment 62, a school-closing measure to be on the November ballot.

Athletes in Olympics Return Home

Associated Press Sports Writer
By JOHN FARROW

ROME (AP)—Olympic athletes streamed out of Rome today leaving the world's sports fans wondering just how fabulous the records will be when they resample in Tokyo for the 1964 games.

Track and field stars smashed five world records and tied another four. Twenty-nine Olympic records went into the books.

How much better can the records get? How much faster can the boys and girls run?

Livio Beutli, Italian winner of the 200 meters sprint, thinks it's impossible to put a peak on athletic endeavors.

"It's a question of the development of the whole human race," the Italian sprinter said. "Men get bigger, fitter and medical research helps to improve the lines and distances that men jump. Who can say where it will end?"

The American track and field team, saw it this way. "People are in better health, they get better food. They grow bigger and bigger. The world's track coaches and officials help each other to develop new ideas and techniques."

"It would be a brave man who would say it's going to end at a certain point. We just don't know how much further we're going to go."

But all this talk left the experts

Uninvited Reds to Bring Hectic Week

Associated Press News Analyst

WASHINGTON (AP)—President Eisenhower can hardly avoid getting mixed up in one of America's most fantastic weeks—next week—when seven unabashed, uninvited and uninvited Communist bosses perform in New York.

The Sept. 20 opening of the United Nations General Assembly there will bring together the greatest collection of overseas big names that ever got loose in this country at one time in one place.

All this is happening after 4 1/2 months of setbacks and embarrassments for the United States, with perhaps more trouble coming. The Red rulers act like men who think they're riding high.

There's no reason to think they won't try to spur their horses when they get here.

In addition to Premier Nikita Khrushchev, and the leaders of six other Russian satellite countries in Europe—other big name visitors include the presidents of Egypt and Yugoslavia and perhaps a dictator, Rafael Trujillo of the Dominican Republic.

Just protecting them from enemies will be a gigantic job.

But since all the visitors will be free to use the United Nations as a forum for attacking the United States from inside the United States—and some undoubtedly will—Eisenhower may have to meet them head-on with fast, new American foreign policy decisions.

As of now, he has shown reluctance about getting tangled in a brawl, apparently preferring to wait until Khrushchev and his companions speak their pieces and get out.

They may make it too embarrassing for him to keep quiet.

None of the 10 big-name visitors was invited. None had to be. Since all 10 of their countries are U. N. members, all are free to come for the U. N. headquarters in New York and say what they please.

Egyptian President Gamal Abdel Nasser and Yugoslavia's Marshal Tito are playing neutral. They probably won't start a fire. Trujillo, recently rebuked by the United States and his Latin neighbors, might cut up a bit.

But with this collection of men, and their varying ambitions, anything can happen and probably will.

Here are some of the things which have already happened to the discomfiture of this country in 4 1/2 months:

The American U2 spy plane was shot down over Russia May 1. Khrushchev used this as an excuse to wreck the summit conference, insult Eisenhower, and call off this trip to Russia.

The Russians also shot down another American plane, the RB47 jet bomber, taking two of its six-man crew alive. Khrushchev created a world spectacle of the United States to its embarrassment, by putting U2 pilot Francis Gary Powers on trial and sentencing him to 30 years.

In Tokyo Japanese Communists and other anti-American left-wing groups teamed up in such violent demonstrations that they forced their government to call off Eisenhower's trip to Japan and got rid of the premier.

In Laos, heavily pro-American and considered a bulwark against communism in Southeast Asia, the government was overthrown.

Right in America's back yard Cuba's Fidel Castro pulled his country closer to Russia and Red China while stepping up his violent denunciations of America.

There was chaos in the Congo, with the Russians inching into the heart of Africa with help and technicians.

wondering if world times like Herb Elliott's 3:35.6 for the 1,500 meters will still be on the books when Tokyo comes round.

Elliott himself is doubtful. He thinks that in time a 3:50 mile is possible. And a 3:50.0 mile would drop the 1,500 meters record several digits lower.

About 8,000 athletes from 87 countries came to Rome for the games Aug. 25. Some started trickling out of the Eternal City even before Sunday's closing ceremony.

A few minutes earlier the German horse riding team of Hans Winkler, Alwin Schockemöhle and Fritz Thiedemann had successfully defended the team title won by Germany in 1936.

The scarlet-coated Germans won the gold medal with a team score of 47 1/2 penalty points.

The American squad of George Morris, New Canaan, Conn., Frank Chapot of Wallpack, N. J. and Bill Steinkraus of Westport, Conn., came second with a score of 66 penalty points. Italy finished third with 80 1/2 points.

That was the last event on the Olympic program that ended with the Soviet Union the dominant sports nation of the world.

The Soviets won 43 gold medals, 28 silver and 31 bronze for an unofficial points score of 907 1/2, based on 10 for first place, 5 for second, 4 for third, etc.

The United States took 34 gold medals, 21 silver and 16 bronze for a second place points score of 642.

Life Is Full of Trips to Corner Store

By HAL BOYLE

NEW YORK (AP)—It was Saturday afternoon and Wilbur Peck, America's most average man, wanted a can of beer.

But as always seemed to happen, he couldn't find a can opener.

"Why don't you go to the store and get one?" suggested Trellis Mae, America's most typical wife.

"I'm tired of making unnecessary trips to the store," stormed Wilbur. "My married life has been one long emergency."

"You never keep enough of anything in this house. We're always running out of everything—just when we need it. Whatever I want no matter what it is, we're fresh out of," he complained.

"Well, I tell you, I'm sick and tired of living this way. What we need in this house is a little planning—then we won't have those shortages. I'm going to solve this problem once and for all."

Wilbur clapped on his hat and left. He banged the front door so loudly the startled cat leaped to the top of an armchair in nervous alarm. But Trellis Mae merely shrugged and went back to making the afghan she had been working on intermittently since 1949.

An hour after that the delivery boys began arriving, and they came in a steady stream for the next two hours.

They brought a case of soap and a case of detergents.

They brought four dozen eggs and 96 electric light bulbs of assorted sizes.

They brought a case containing 4,000 rolls of toilet paper.

They brought three boxes of nails, 144 pairs of shoelaces, 12 flashlights, five dozen candles, and six bottles each containing 1,000 aspirin tablets.

They brought a dozen cans of talcum powder, 15 packages of adhesive bandages, 50 packets of razor blades, 24 bottles of shaving lotion, 24 cans of push-button shaving cream, 18 tooth brushes and 48 tubes of tooth paste.

They brought 20 cartons of cigarettes, 200 packets of matches and six cases of beer.

They brought three cases of cat food, a case of canned chili, a case of assorted soups, two cases of peanut butter, a case of bottled olives, a case of mustard, five cases of catsup and three cases

of sardines and anchovies. They brought 20 pounds of cheese and 10 pounds of sliced ham.

Trellis Mae had had the boys stack all the purchases in a tow, bring pile in the center of the living room. Soon after, Wilbur entered, looking somewhat wilted from his long shopping orgy.

A moment later he said, "I'm hungry, honey. Can you rustle me up a ham and cheese sandwich?"

Trellis Mae went into the kitchen. There was a silence. Then she called:

"Wilbur, do you mind making just one more trip to the grocery store? You forgot the bread. There isn't a slice left in the house."

Volcano Erupts

TOKYO (AP)—Mt. Mihara, one of Japan's most active "suicide" volcanoes, erupted twice today, sending smoke 1,000 feet into the air. The 2,477-foot peak, 74 miles south of Tokyo is a famous tourist attraction. Each year some visitors hurl themselves into the crater.

Tells About His Brother Held by Reds

By WILLIAM C. WALSH

Written for The Associated Press Copyright, 1960, By The Associated Press

Last March, the Peoples Republic of China announced that my brother, Bishop James Edward Walsh, had been tried and convicted of espionage as a veteran American spy and sentenced to 20 years imprisonment.

My brother, who spent most of his life in missionary work in China, is 69. I had learned that relatives of four other Americans imprisoned in China had been per-

milled to see them, and so I likewise applied to Chinese authorities.

In July, I received a cable from the Chinese Red Cross stating that I would be allowed to spend 14 days in China for the purpose of visiting my brother.

My wife and I arrived in Hong Kong July 28. That afternoon, as we went to bed after calling Mrs. previously, I go in Walsh in Hong Kong to inform her of my arrival in Canton.

I got up at 5:30 next morning to catch a 7 a.m. plane for Shanghai. After 2 1/2 hours of flight, it landed at Nanchang, and I was told we might be delayed because airport was in the vicinity of Shanghai. Later in the day, the flight was canceled, and I was taken to a hotel in Nanchang along with two Chinese passengers.

The next morning, the hotel manager accompanied me to the airport, about 20 miles from the city. There was still uncertainty about the weather at Shanghai, and takeoff was delayed until noon. The hotel manager, a very nice chap, stayed with me until the plane left.

At Canton, we were met by another Chinese Red Cross representative, and the two men took me to the Hotel Aichun, where I received a good room, had dinner and went to bed after calling Mrs. her of my arrival in Canton.

Alford Likely to Face Stickers

LITTLE ROCK (AP)—A Republican running as an Independent can use paste-on stickers against Rep. Dale Alford, who was elected two years ago through a similar device.

The attorney general's office held Monday that an opinion which permitted Alford to use stickers still is valid.

Lorzo A. Ross of Conway, fifth Congressional District GOP chairman, asked if L. J. Churchill of Dover could use stickers as an independent in the Nov. 8 general election.

Atty. Gen. Bruce Bennett ruled last Friday that Churchill's name could not appear on the ballot because he had not been nominated in a primary election. Republicans have said a court ruling might be sought if he is denied certification as a candidate.

Screenon Can Look at List

LONOKE, Ark. (AP)—Attorneys for state Sen. Jerry Screenon of Hazen have been given permission to examine voting lists and election certificates in Lonoke County from the Aug. 9 Democratic runoff primary.

Screenon was the apparent winner over J. T. Gunter of Austin. The last boxes from Screenon's home Prairie County gave him the margin. Gunter filed suit challenging the election and sought to have all or part of the Prairie County returns thrown out.

Screenon asked to examine Lonoke boxes to prepare for his defense of the suit. Judge W. J. Waggoner granted this permission Monday.
